

SEASON 2021

Following the procedures outlined by the Italian Government up until now, we are sharing with all our partners and clients this fact sheet that summarizes key information on the precautionary measures our company – in agreement with all of our providers and partners – is meticulously putting in place in order to minimize the risk of exposure to COVID-19.

LaTour I-Talya offers private tours, the clients will hence not come into direct contact with other clients and people besides those specifically needed for the experience (guide, driver, etc).
